## Tour of Bucks County

This tour of Bucks County's 12 Covered Bridges and unique Boxed Pony Bridge starts at the Memorial Building in Washington Crossing State Park on the Delaware River, south of New Hope. The Tour makes a large circle through Bucks County and is planned so the traveler can start at any one of the bridges. It is possible to make the trip in one day but since it is 90 miles long over some rural unmarked back roads it is suggested that the Tour be split into segments. We suggest observing the odometer to the exact tenths.

While the Bucks County Covered Bridge Society believes that this information is correct, it is possible that construction projects, traffic, weather or other events may cause conditions differ from given directions. It is important to be aware that many of the covered bridges and roads cannot accommodate the height and weight of full-size motor coaches. Please respect the private property surrounding the bridges.
